Parkinson's Support for April

Support group to meet on April 18 at 1:00 p.m.

Cross Keys Village hosts a Parkinson's education and support group on the third Thursday of each month for villagers and neighbors from the greater community. The goal of the group is to empower people with Parkinson's, care partners, family and friends through education and peer support.

Our April 18 virtual guest is Mary Beth Skilton, RN, Director of Virtual Care with Synapticure. Her presentation is titled **Synapticure: Supporting your Journey with Movement Disease.** Learn about an innovative approach to telehealth that is changing neurodegenerative disease care. Originally founded to care for patients with ALS, Synapticure is expanding to address other neurodegenerative diseases including Parkinson's.

The April featured education on our page is a video titled titled **Intro**

University of Florida, discusses optimal management of Parkinson's symptoms, stressing the importance of a customized approach for each individual living with the disease.

Parkinson's Thursday at Cross Keys Village

Free Memory Screening on May 2

Screenings administered by qualified healthcare professionals

Cross Keys Village is participating once again in the Alzheimer's Foundation of America's National Memory Screening Program with confidential memory screenings in the Harmony Ridge Community Center. A memory screening is a simple, non-invasive test designed to gauge memory, thinking, and language skills. Screenings consist of a series of questions and tasks, and take 10 to 30 minutes to complete.

The screening is offered at no cost to villagers and neighbors from the greater community, but **registration is required**. Please call Memory Support Coordinator Kim Korge at 717-624-5272 or click on the button below.
